

MILL HAVEN

GROW . GATHER . SAVOR

*Intimate Celebrations
in The Greenhouse*

 WEDDINGS

Weddings

The last few years have taught us how to celebrate well and to be intentional in the ways we connect with each other. Shrinking our circles has given us greater depth in our relationships, an abundance of laughter over inside jokes, and has taught us to treasure the hugs of a friend. What a great honor to have those precious souls present with their love and support as you begin a new chapter together.

With our rich Gardens providing the canvas for promises to be made and The Greenhouse as the canopy for the celebration to follow, we are thrilled to create the space where close friends and family can gather and create new memories to be savored.

We invite you to celebrate with us by choosing between a midday celebration enjoying brunch with signature mimosas or evening festivities with dinner followed by dancing to your favorite tunes under the stars.
